ASID INTERMOUNTAIN

# PICKLEBALL TOURNAMENT

**MORE** than a tournament—it's a rally for the future of design.

This high-energy event brings together the design community to raise critical funds for the ASID Intermountain Advocacy Fund, supporting ongoing efforts to protect and advance the interior design profession throughout the Intermountain region.

From championing licensure to influencing legislation that shapes our built environment, your participation helps make a lasting impact—on policy, on practice, and on the power of design.
